Profile

Computer Science student and aspiring Frontend Developer with hands-on experience in HTML, CSS, JavaScript, and React. Experienced in building responsive and user-friendly web interfaces through personal projects and React frontend training. Seeking a Frontend Development opportunity to apply my technical skills, contribute to real-world projects, and continue developing professionally.

Education

Bachelor of Computer Science

Kafr El-Sheikh University — Kafr El-Sheikh, Egypt

Expected Graduation: 2028

Professional Experience

DEPI: Digital Egypt Pioneers Initiative

- Developed responsive web interfaces using HTML, CSS, JavaScript, and React.
- Built reusable frontend components and implemented interactive user interfaces.
- Applied responsive design and frontend development practices through practical projects.

Projects

Personal Portfolio — Frontend Project

- Designed and developed a responsive personal portfolio website.
- Built interactive sections using HTML, CSS, and JavaScript.
- Implemented responsive layouts and visual effects for improved user experience.

Travelling Web — Frontend Project

- Developed a frontend travel website interface that allows users to select and book departure and return trips.
- Created interactive booking interfaces using HTML5, CSS3, and JavaScript.
- Focused on providing a simple and user-friendly booking experience.

MENU Web — Frontend Project

- Developed a responsive menu website for displaying and categorizing product images.
- Integrated Google Maps to display the business location and provided links to social media platforms.
- Built the interface using HTML and CSS.
